BACKGROUND

- ❖ Swedish company based in Stockholm

- ❖ Founded 2019

- ❖ 30+ years of accumulated experience from the business

- ❖ Staff dedicated to contribute to a safer society

GROWTH OF DATA, MULTIPLE TOOLS

- ❖ Ever growing amount of data in investigations

- ❖ Multiple sources, multiple tools, multiple reports

- ❖ Time consuming, overpowering manual workload

- ❖ No tool solely made for investigators

INVESTIGATION WORK TODAY

- ❖ **Evidence collected, extracted and de-coded with one or multiple tools**

- ❖ **Each extraction generates a report**

- ❖ **To get an understanding of all the data, manual labor is needed**

- ❖ **When the investigation is concluded, the data is put together in more reports together with additional data such as case findings and notes**
